Services Engineering & Industries Petroleum:

Maintenance Technician

February 2022 – August 2022

- Carrying out visual inspections.
- Disassembling wellheads and industrial valves.
- Changing spare parts and sealing components.
- Cleaning valves surfaces and wellhead components.
- Carrying out hydraulic and pneumatic pressure tests.
- Reporting and drawing up intervention sheets.

COGES Sfax

Technician in Building Energy Systems

September 2020 – October 2021

- Study the thermal losses of buildings.
- Draw heating installations as execution plans using AutoCAD.
- Size the air ducts for ventilation/extraction, heating, and cooling.
- Design and create HVAC installations.
- Advise clients to optimize solutions.
- Monitor work in collaboration with installers.

Education:

International Institute of Technology:

- National Diploma in Industrial Engineering. July 2023

Higher Institute of Technological Studies of Sfax

- National Diploma Bachelor's Degree in Mechanical Engineering (Specialization: Energetics). August 2020

Secondary High School Majida Boulila Sfax

- The National Baccalaureate Diploma in Technical Sciences. Session 2014

Internships:

Tunisian Oil Exploration and Production Company (SEREPT)

End-of-studies engineering internship.

February 2023 – July 2023

- Performing a diagnosis of the existing HSSE system in relation to the ISO standard.
- Identifying and analyzing occupational hazards and implement control measures.
- Assessment and following-up.

Schlumberger Tunisia:

Advanced internship.

- Maintaining heat exchangers and hydraulic units.
- Cleaning site equipment.

July 2019 – August 2019

Weatherford Tunisia :**Introductory internship.**

January 2019 – February 2019

- Observing and discovering the different equipment in the "fishing department".
- Participating in preventive maintenance of diesel units in the TRS department.

Skills :**Software :**

- AutoCAD 2D
- SolidWorks
- Microsoft Office
- MS Project
- GMAO

Languages :

- Arabic : Native
- French : Advanced
- Anglais : Advanced

Certificates :

- H₂S
- Life Saving Rules
- Fire fighting
